

LC Series - Pressure Controllers

LC Pressure Controllers

Portable Pneumatic Solutions:

LC Pressure Controllers

Portable Pneumatic Solutions:

- Manual/ Automatic, Internal, External Pressure Generation, Internal Pressure reservoir

Manual/Automatic Pressure Controller

- Power: 24V, 230V, Rechargeable Battery Pack
- Large selection of Various Pressure Connections
- Various Case options
- RS232 Interface

Applications:

- Calibration Services for: Gas Pipes, Dialysis, Power Generation, Aerospace, Pressure Instruments Manufacturing, Defence, Chemicals, Petroleum, Automotive, Calibration Service Providers...

LC Pressure Controllers

Calibration Software:

- Windows based
- Many Drivers for various devices available
- Real-Time communication
- Export into EXCEL
- Individual Calibration Certificates, incl. Mathematical Calculations
